

St. Joseph Catholic Church Altar Server Registration and Permission

Altar Servers at St. Joseph Church are scheduled using the computer program Ministry Scheduler Pro (MSP). The following information is needed from you for MSP to operate at its maximum capability.

Please be assured that all electronic communication with an Altar Server is made primarily through a parent or legal guardian. This is in compliance with Protecting God's Children. Please provide an email address that is checked frequently. This information will not be shared.

Inclusion of the Altar Server's email address is **optional** and may **never** be the **only** email.

PLEASE PRINT *Required Information

Altar Server's

*First Name _____ *Last Name _____

Mailing Address:

Street _____ City _____ State _____ ZIP _____
